HAVE YOU NOTICED ?

Have you been to the website lately? If so you have probably noticed some changes. We are still working on it but are very pleased with the progress so far. Check it out!

www.santaluciasportsmen.org

There are also some very noticeable changes at the Range, All the buildings, sheds, skeet houses, duck tower, etc. are being painted to match the Club House. Roofs have been repaired or replaced and the trim is also being painted. There are new signs on all the Ranges. And the fence between Traps 1 and 2 to contain the skeet targets has been reinforced and replaced.

The old flagpole that was taken down when the patio was built has been refurbished and has a prominent place in front of the Club House.

There have been K-rails put in place to create a safer barrier up on the Pistol Range.

New shooting benches have been built for the Rifle Range.

Come take a look, we think you will be pleased and proud of your Club!
